

S.L.A.A. GDVI cares about your safety regarding Coronavirus/COVID-19

Please share this at your meetings

What we (GDVI) are doing:

- GDVI is setting up a plan for additional night phone meetings in the event meeting locations prohibits access
- We need two volunteers for each meeting night from 7:30pm to 8:30pm (excluding Thursday since there is already an established phone meeting)
- Additional time slots will be added for non overlapping earlier and later meeting times as needed by coordinating with our contact
- Any meeting format can be used as desired by the chair or GDVI will provide a phone meeting format
- Please contact Lisa S. to volunteer for a meeting time frame by emailing: dviphonemeeting@slaadvi.org and to receive the conference call phone number

What we have now:

- We currently have a weekly Thursday 7:30pm to 8:30pm phone meeting
- 24 hour Inspiration Line, changes daily 215-574-2120
- 24 hour Inspiration Story Line, changes weekly 215-574-2121
- There are many already existing phone meetings on <https://slaafws.org/telephonemeetings>

In the meantime, how to take precautions:

- If you are attending an in person meeting, continue to get outreach numbers
- If you are attending an in person meeting, wash your hands and avoid hand holding
- If you are attending in person meetings, consider those before and after you by wiping down tables, chairs, door handles & light switches
- If you are not feeling well or are experiencing flu-like symptoms, stay home, stay hydrated and keep fevers down with appropriate medicine
